PROFESSIONAL EXPERIENCE

Hub/Transshipment Manager, Glocal Nexus Express Sdn Bhd
04/2024 – 08/2024 | Medina, Saudi Arabia

- Optimized parcel processing workflows during peak Umrah and Hajj seasons, improving throughput and accuracy.
- Provided operational feedback to enhance functionality of MyGdex/GdexGo systems.
- Strengthened coordination with local logistics partners and customs authorities to ensure smooth clearance and delivery.

Chairman / Co-Founder, Sepinang Analytica Solutions Sdn Bhd
02/2022 – 12/2023 | Malaysia

- Founded and led a logistics analytics startup focused on transport optimization and fulfillment services.
- Spearheaded digital transformation initiatives to streamline operations, reduce costs, and improve service delivery.

IT Business Support / IT Commercial Support, Pos Malaysia Berhad
11/2013 – 12/2021 | Malaysia

- Led system improvement initiatives for Ezisend and Ezifulfilment platforms based on user feedback and operational needs.
- Conducted training sessions for internal teams and clients on the Ezifulfilment platform.
- Coordinated nationwide deployment of printers and handheld devices for e-commerce fulfillment.
- Played a key role in end-to-end setup of a fulfillment center, including IT infrastructure, racking, and system integration.
- Collaborated with vendor Anchanto for system customization, troubleshooting, and feature enhancements.
- Developed server monitoring scripts to ensure data synchronization and integrity.
- Supported system testing for the 1Pittis courier system to maintain operational reliability.

SELECTED PROJECTS & ACHIEVEMENTS

Founder – HajjEasy (Hajj/Umrah baggage MVP,
https://www.hajj-easy.com) – AUTO-PILOT
11/2025 – Present

- Implemented SOP and QR-to-WhatsApp ordering; eliminated manual entry and accelerated parcel hand-off
- SOP now driven by local (Malaysia) and Saudi partners; operation runs on auto-pilot with zero founder involvement

IT Consultant (freelance) – Rezeki Haramain Sdn Bhd
01/2025 – 07/2025

- Facilitated requirements workshops with Pos Indonesia & SingPost in Jakarta & Singapore
- Delivered cross-border AWB data-interchange blueprint; reduced hand-off delays during peak season

Self-Upskilling

01/2023 – Present

- AWS, DevOps & AI-agent / AI-builder automation

CERTIFICATIONS & TRAINING

Graduate Technologist, MBOT
2024

AWS re/Start Graduate, Amazon Web Services
2024
